Nature Walk

Take a guided tour nearby our property with our naturalist to learn about local flora and fauna or be adventurous and trek out in the wilderness with our expert naturalist to understand and experience the Jawai eco system better. Do some bird watching at the lake or meander in to the granite hills. If you are a photography enthusiast remember there is treasure trove of natural beauty here waiting to be captured.

Night Trails

Tread into the darkness for a rendezvous with Cheetahgarh resident nocturnal friends. See the unseen during the night expedition with our naturalist. As darkness falls the wilderness comes alive and you can discover elusive creatures of the forest on a walk you will remember.
